**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic for my Internet access two years ago because I was tired of dealing with the high cost and low speed of what I was getting from Comcast, which had been the only option around until Sonic showed up in our neighborhood, and I couldn't be happier with my choice. Many of my friends still have no choice today and are stuck with their provider. It's crucial that we have broadband competition. We expect competition in most products we consume, most of all in the area of broadband access that enables so many innovations and products for us, and it's unacceptable and even un-American to have a near monopoly of incumbents for such a critical service. Please do everything you can to support healthy competition in this market.

Thank you,

Dmitry Dimov
